United States Patent [19] Canty		[11] Patent Number: 4,809,862 [45] Date of Patent: Mar. 7, 1989
[54]	FUSEVIEW LAMINATE SAFETY SIGHT GLASS	3,438,539 4/1969 LeRoy
[76]	Inventor: Thomas M. Canty, 483 Fruitwood Ter., Williamsville, N.Y. 14221	
[21]	Appl. No.: 25,578	
[22]	Filed: Mar. 13, 1987	[57] ABSTRACT
[51] [52]	Int. Cl. ⁴	A safety viewing window for observing the interior of a pressure vessel is the subject of this invention. This viewing window is made up of an optically clear window disc fused to a metal frame. A laminate is overcoated over the fused disc and frame to provide a corrosion resistant viewing window. The metal frame has
