SANITARY FUSEVIEW™ SIGHT GLASSES

Flush Mount Sanitary Sight Glass

A sanitary, fused Tri-Clamp® sight glass with a flush glass to metal seal on both the wetted and non-wetted sides. No crevices or dead space.

Ultra Sanitary Design - Flush Glass to Metal Seal

Reference datasheet TA7653-1 for details

FullView Sanitary Sight Glass

Largest available viewing area of any sanitary sight glass on the market.

Large Viewing Diameter

Canty Offers 60% Increase in Viewing Area Over Competition!! **

When you order a 4" window, you get a 4" view! The difference between a 4" view and a 3" view is significant as well as costly. Nozzles on a tank are extremely valuable. Committing a 4" nozzle to get a 3" view is costly in terms of fabrication expense and available space. This loss of view diameter is further compounded when applying external lighting to the sight glass to obtain a dual use from the window. The remaining view is practically unusable. The Canty Fuseview™ can provide a full view and our Flex Bundle Lighting systems mount to the sight glass face with a 3/4" diameter bundle, maximizing viewing area!

Below is a view comparison of Canty Fuseviews™ vs. Metal Glass

ANSI/DN SIZE	FLANGE MOUNT		FULLVIEW SANITARY		FLUSH MOUNT SANITARY	
	CANTY	Metal Glass	CANTY	Metal Glass	CANTY	Metal Glass
10"/DN250	9.5"	5.91"	---	---	---	---
8"/DN200	8"	4.72"	---	N/A	5.7"	3.94"
6"/DN150	6"	3.94"	5.7"	N/A	4"	2.95"
4"/DN100	4"	3.15"	3.8"	N/A	3"	2.16"
3"/DN80	3"	2.76"	2.8"	N/A	2"	1.57"
